PETITION UNDER 37 C.F.R. §1.84(a)(2) TO SUBMIT COLOR DRAWINGS

Sir:

Applicant hereby petitions the Commissioner under 37 C.F.R. §1.84(a)(2) to submit color drawings on filing of the above-identified patent application, specifically with respect to Figures 8C and 9. The Applicant includes with this petition three (3) copies of each color drawing as well as black and white photocopies that accurately depict, to the extent possible, the subject matter showing the color drawings as required by 37 C.F.R. § 1.84(a)(2)(ii-iii). The specification already includes the language required by 37 C.F.R. § 1.84(a)(2)(iv), so no amendment to the specification is included.

The color figures are the most practical medium to show the images of the experimental results with a three dimensional histogram using colors from a color spectrum to indicate

calculated values (Fig. 8C). This use of colors in the display being illustrated is not adequately conveyed by a grey-scale rendition of the display.

The color figures are also the most practical medium to show the images illustrating the window displaying an infrared image recorded by a camera (Figure 9). Different colors in the image depict the range of heat emitted by objects within the field of the camera. The use of colors in the image being illustrated is not adequately conveyed by a grey-scaled representation of the image.

Accordingly, the applicant respectfully requests that the color drawings in Figs. 8C and 9 be accepted in this application.

Authorization is hereby provided to charge the required Petition fee under 37 C.F.R. § 1.17(h) (\$130.00) to Deposit Account 50-0496.

Please apply any other credits or charges to Deposit Account 50-0496.

Respectfully submitted
